# HITLERY

By Anthony J. Hilder

Hillary attends a party with one of her "girls."

Everybody in the Beltway knows that Hitlery curses like a drunken sailor on a marine brawl. "The Flag Incident" at the White House would prove that conclusively. But who cares? She is not the only foul mouth filly that ever walked her way through Washington. Nearly everybody whose connected" in D.C. suspects that Hillary is at best AC/DC and some say she is very heavy not the chickadees who "switch hit" for the lesbian League. But should that disqualify her for the U.S. Senate even if its so. Barney Frank has his 'boys.' Why shouldn't Hillary have her "girls."

With Bill Clinton as her "loving husband" it is easy to understand why Hitlery would become gay. She certainly has more balls than he does. Clinton may be a coward, corrupt, crooked, and even a killer "according to Gennifer flowers, who feared for her his if she didn't go public, But about the 'First Lady' with those piano legs, hippo-hips and who has to shuffle like a baby bull elephant just to get around. What's wrung with her? She can't help it if those thunder highs are "cellulite city" Its her arrogant, obnoxious attitude that realty makes her ugly to the bone.

In Gennifer flowers' book "SLEEPING WITH THE PRESIDENT' Gennifer asked the then Governor one night why Hillary put up With Bill's having an affair with her- Clinton responded "SHE'S GONE DOWN ON MORE PUSSY THAN I EVER WILL." This explains a lot coming from Cocaine Clinton himself just why she doesn't mind his "Muff Diving" and may well justify his extramarital activity.

Then what about author Cathy O'Urien, who claims while acting as a "Sex Servant" for a top government agency that she was requested to service "Hitlery's Muffin" She did with great reluctance - finding it "VERY GAMEY."

Then there's rumored to be this "Female" Director/Producer from New York who's said To Be "Doing Hillary" or is it visa versa? Maybe that's why she has moved to the Big Apple. Both Cathy and Gennifer are more than willing to testify that Hitlery has a liking for the lesbian ladies. And Cathy said she slept with her And in so far as Gennifer's comments, we know the President's a liar. I can't t remember the last time he told the truth.

Hillary might have good reason to be a "Man Hater" if her experience with the opposite sex has mostly been confined to wayward Willy, But who knows maybe the Clintons are just a couple of "Swingers" left over from the sinful '70s, when everybody did everybody in those "Orgies."

I know people can change sexual preference. My first girlfriend in Junior High was a tomboy with little pty bust, a wonderful smile and had a great personality. Now she is a grandmother with big jumbo jugs and has a full blown dyke girlfriend, slick-back gray hair. Does this change the way I feel about her? No she's still a great gal. Being gay doesn't change that. But in so far as Hillary is concerned, if she's gone gay, she needs to be OUTED so that people can decide for themselves whether they want another liberal lesbian In Washington. Barney Frank openly admits he 'swaps spit with young men' and that doesn't bother the voters from Massachusetts. So let the chips roll where they will.

What bothers me about Hillary is that "Man Hater Thing" that so many of us straight "Right Thinking Men" sense about her. When you couple that with her "Holier Than Thou Attitude" and you've got one real barracuda. She covers up her course, crude and often cruel character real well with a mask of a Madonna. But the question is she really as vicious, vile and vindictive as so many people say? One thing for sure she Is not the sweetheart of Sigma Kal.

## HITLERY: Menage A Trois?

05/28/2000

Hillary Clinton caught in "KINKY 3-WAY SEX VIDEO with SUICIDE PAL & ANOTHER GAL" is the lead story for the May 16 GLOBE. "It adds fuel to the rumors that Hillary is bisexual because in some scenes there's another woman - and all three are intimately involved." L.D. Brown and Larry Patterson talk about the OTHER WOMAN, "It's not such a great leap to believe that Hillary and Foster (Vince) videotaped some sex games with another woman."

The GLOBE story doesn't mention the name of 'THE OTHER WOMAN,' but with "recent" stories circulating it would indicate her interest in men has been on the wane - giving way to speculation about numerous affairs with lesbian women.

Our poll regarding Hillary's sexuality surprisingly confirms that five percent of our viewers think that Hitlery is "straight as a string and would have nothing to do with anyone but Bill." The vast, and by far, overwhelming majority think that the First Lady is a full-blown lesbian or, at the very least, a switch hitter. Although she is not seen as feminine as Janet Reno or Donna Shalala by some, 19 out of 20 of our visitors paint her with a gay brush.

## Globe Lobs Lesbian Label on Hillary

The Free World Alliance has talked about Hillary Clinton's liking for the Lesbian Ladies ever since we began our site early last summer. Our poll, on the subject, which registers our visitors' views indicate that 63% think that Hitlery is AC/DC. 32% feels she is now a full-blown lesbian, with only 5% (that's 1 in 20) thinking she that she is "straight as a string." Those who have voiced their opinion overwhelmingly think that Hillary "swings both ways," or as a lesbian.

Globe's Tabloid Cover teases market shoppers with a tantalizing story inferring that they will get a list of 12 Dykes, the First Lady's "done did." It doesn't! The only two they name as might be Lezi Lovers are Donna Shalala and New York Lezi-like Lawyer, Susan Thomases. Queer Nation "Outed" Donna Shalala in 1992.

Several years ago, when I brought up Hitlery's homosexuality while hosting the Lou Epton Show on KLAV Radio in Las Vegas, all hell broke loose. I had been interviewing Jack Thompson, a Floridian Attorney, who had knowledge of Janet Reno's lesbian life. He had told the audience that Janet was in "a state of undress," with an "UNDER AGE GIRL," in the back seat of a car parked at the Galleria Shopping Center when a Police Officer discovered them.

Being the County Attorney, Ms. Reno was able to talk her way out of what would have been "Statutory Rape" if she had been arrested and convicted. It was then that the conversation shifted to Hillary and her homosexuality.

I told Jack that I didn't care if these Lesbos were Nazi-Biker-Dykes, just so long as their prey was over 18 and willing conquests. It stated that if either Jack or I had been caught buck naked in the back seat of a car with a 16-year-old girl, our ass would be grass and would be pushing hard time in the Cross-Bar Hotel. But it wasn't until I started discussing Hitlery's love of the lesbian life that the Station drew "Heavy Fire" from Queer

Nation that the station owners rushed management over to the Broadcast Facility at the Casino to have me removed from the air. I thought this hypocritical of the Queer Nation crowd, considering that it was their publication that "OUTED" Donna Shalala in the first place back in 1992. So why shouldn't I "Out" one of her friends? Is the First Lady sacrosanct?

I'd just begun to talk about the steady stream of women that were coming in and out of the White House and had mentioned that they weren't coming in to see Bill, but rather to visit Hillary. That's what really raised the ruckus in Sin City.

The Globe's Story misquotes Gennifer Flowers quoting Bill Clinton as saying that Hillary "had been with more women than I have." The actual quote that Clinton said about his Lesbianized First Lady is "SHE'S GONE DOWN ON MORE PUSSY THAN I EVER WILL."

You can find that quote in Gennifer Flower's Book, SLEEPING WITH THE PRESIDENT.

Political Commentator, Jack Wheeler's quote, ending the Globe's article also suggests that Hitlery was getting more girls than her cocaine-sniffing husband. "My sources indicate Hillary is bi-sexual and fools around much more than her husband," says Wheeler.

Now, the news is out from the Beltway to the Bronx, Hillary, gets it on with the Girls. Talk Show Hosts all around America are gabbing about her gay life. But we've heard it said that Hillary is no more of a Dyke than Eleanor Roosevelt or Janet Reno. It's all rumors says a Democratic Party Insider "everyone knows it's a baseless, savage prank by rabid, Clinton haters."

Hillary who stomps around New York with her Rhino Rear and Elephant Ankles has an arrogance about her. She denies that she likes to lick the ladies between the legs. But Kathy O'Brien (Author of Transformation of America) admits to having sex with Hillary. This was at a time when she was serving as a Sex-Slave for one of the Alphabet Agencies, and doing what she was told. Kathy confided to me, at a Coffee Shop in a Las Vegas Casino, that Hillary's "privates" were "pretty gamey." Whew! It doesn't leave a good taste in your mouth, just to think about it.

Kathy, who is not a lesbian, was forced to perform sexually for the First Lady of the Land. In short, she was programmed to perform. But the real kicker of the story, is at the time when she was getting it on with Hillary, Bill came into the room with Kathy's husband, and paid no attention to them. Ms. O'Brien said that Bill had been drinking and went to an adjacent room for what she believed was to be a freaky affair with her husband.

It's quite apparent that the Clintons have an "Open Marriage" and have most likely been "Swingers" for a long period of time. Credible as Ms. O'Brien may be, it's still difficult for me to conceive that Bill swings "both ways." Nonetheless, the President's strong, continued stance insisting that Queers be allowed to work and play at all levels of the US Military, indicates that Bill may well be more than just slightly attracted to Gay Guys when the mood strikes him. His attitude may well be like Rock Hudson who said, "don't knock it till you've tried it." There was hardly a woman in America who would have believed that Rock wasn't anything but a macho man at the height of his career. One of the leading Women's Magazine voted Hudson the most masculine man in America, just as they might now see Clinton as nothing but a very masculine man.

I called the Globe, in hopes that I could reach Tom Kuncl, the Author of Hillary's Gay List of Lovers' Story in hopes that I could give him some additional leads to a follow-up piece on the lesbian First Lady. His story is only the Tip of the Iceberg. As of yet, we haven't heard back from Kuncl or the Globe.
